#### **NEW! Micro SoftPLC's Now Available**

#### **Tons of features in a small physical package!**

[SoftPLC Models SPBB-x](#) are advanced PAC controllers plus data logging, embedded web server, and much more. Ethernet, serial and local I/O options are available.

List price from \$245 USD

You can also use this SoftPLC as an inexpensive protocol Gateway, such as

between Modbus and ModbusTCP.

Add a modem and the Micro SoftPLC can act as an ideal solution for remote asset management, when combined with our [TagWell](#) cloud platform.
